Winemaker: Achille Boroli & Enzo Alluvione
Total acreage under vine: 27
Estate founded: 1997
Winery production: 30,000 Bottles
Region: Piemonte
Country: Italy

Boroli Barolo 2013

WINE DESCRIPTION

The Boroli family is a family of entrepreneurs, with roots in Piedmont dating back to 1831. The family started their winemaking business in 1997, when Silvano and Elena Boroli felt an ardent desire to step away from the pressures of their publishing business and reconnect to nature. Silvano and Elena grew the company until their son, Achille, stepped in to run the wine-growing and production business in 2012.

With the 2012 grape harvest Achille decided to radically change the methods used in vineyards and wineries, aiming for the highest quality in Barolo and its crus. He cut production levels, updated the winemaking technology, and focused on low intervention methods to raise the quality of the Boroli wines be on par with the finest Barolo wines.

Sourced from all of Boroli's crus, including La Brunella, Villero, Cerequio, and Serradenari. This is a classic Barolo wine in the truest sense. Firm and structured, yet approachable for immediate drinking, this wine delivers every time.

Boroli's Barolo is made by a special combination of careful grape selection, precise destemming, and long macerations with submerged cap. The barrels used to age this wine are very carefully chosen by the winemaker.

TASTING NOTES

Clear bright ruby color with very light garnet red reflections; intense and persistent aroma of red fruit with notes of plum and cherry. A pleasant aroma of wood is noticeable after the fruity aroma, anticipating the full taste of a great wine suitable for long lasting life. A succulent, rich, full-bodied and pleasant taste emerges after the woody one, with the presence of slightly ripe red fruit.

FOOD PAIRING

Barolo pairs perfectly with rich dishes such as roasted meats and pasta with truffles.

VINEYARD & PRODUCTION INFO

Production area/appellation:	Barolo DOCG
Vineyard size:	4
Soil composition:	Calcareous and Clay
Training method:	Guyot
Elevation:	1,246 feet
Yield/acre:	6.6 tons
