Prager Wachstum Bodenstein Grüner Veltliner 2012

WINE DESCRIPTION

Wachstum means "Growth" or "Cru". These young vines represent a nursery of sorts. Starting in 2000, Toni has assiduously collected and planted here over 100 different clones of Grüner Veltliner and with 2007 released the first wine from this site. The idea is to demonstrate a vibrant expression of the variety and also to protect and preserve the biodiversity of the grape variety. To further enhance the singular character of this wine the vineyard is planted to reclaimed terraces that had overgrown with forest due to decades of neglect, located at the very top of the Achleiten hillside.

TASTING NOTES

Light straw yellow in color with aromas of white peach, gooseberry, kiwi, and lime. On the palate, the wine is pleasantly fruity and backed by a streak of minerality and zesty acidity.

FOOD PAIRING

Pair with salmon sashimi, lemon-butter risotto, or dijon tilapia cakes.
