

PRODUCER PROFILE

Estate owned by: A cooperative of local growers
Winemaker: Willi Stürz
Total acreage under vine: 575
Estate founded: 1889
Winery production: 40,000 Bottles
Region: Trentino Alto-Adige
Country: Italy

Tramin T Cuvee Rosso 2021

WINE DESCRIPTION

T Cuvée Rosso is a light, fruity red wine which is perfect for summer and is best served chilled. It's a combination of the history and winemaking tradition of Alto Adige. The grapes come from vineyards planted in calcareous clay and gravel soils at an altitude between 250 and 550 meters.

The grapes come from vineyards planted in 250 – 550 m above sea level in calcareous clay and gravelly soils; strong interplay of sunny days influenced by the Mediterranean climate and cool nights marked by the cold downslope winds.

After harvesting, the grapes are destemmed and gently crushed and then fermented in stainless steel tanks at controlled temperature (26-28 ° C). Maturation then takes place in steel tanks.

TASTING NOTES

T Cuvee Rosso combines the lightness of the jovial Schiava with the pleasant fruit richness found in Pinot Noir and the full taste of Merlot. In the glass, the wine is ruby to garnet in color, with aromas of fresh fruit and a soft, gentle palate.

FOOD PAIRING

An elegant wine that can be paired with light meat dishes or fish.

VINEYARD & PRODUCTION INFO

Production area/appellation:	Vigneti delle Dolomiti
Vineyard size:	13.2 ha
Soil composition:	calcareous clay and gravelly
Elevation:	820 - 1800 feet
Harvest time:	late September, early October
Bottles produced of this wine:	40,000
Sustainability Certification:	yes

WINEMAKING & AGING

Varietal composition:	40% Schiava, 20% Pinot Nero, 20% Merlot
Fermentation container:	stainless steel vats
Maceration technique:	pump over
Length of maceration:	6-10 days
Malolactic fermentation:	yes
Fining agent:	bentonite
Total SO2:	105 mg/L

ANALYTICAL DATA

Alcohol:	13%
pH level:	3.6
Residual sugar:	1.9 g/L
Acidity:	5.6 g/L
